

PRESENTATION

DASHBOARD DESIGN

By Piyush Khande

BUSINESS OBJECTIVES

- To analyze sales and profit trends across different time periods, product categories, and regions.
- To identify high-performing and underperforming products, categories, and geographies.
- To monitor key financial KPIs such as Total Sales, Total Profit, Profit Margin %, and Year-over-Year Growth.
- To enable stakeholders to make data-driven decisions using an interactive dashboard with slicers and drill-down analysis.
- To uncover relationships between discounting strategies and profitability.

KEY INSIGHTS FROM DASHBOARD

- Total Sales – The company generated sales exceeding 2M+ across all categories and regions.
- Regional Performance –
 - West region leads with 31.4% of total sales (710K).
 - East (29.6%) and Central (21.8%) follow closely.
 - South (17.2%) contributes the least, showing growth potential.
- Product Sub-Categories –
 - Phones dominate sales with 327K (14.5%), followed by Chairs (202K, 8.9%) and Storage (200K, 8.8%).
 - Lower-performing categories include Copiers and Machines.
- State-wise Insights –
 - California has the highest sales among all states, followed by New York and Texas.
 - Standard Class is the most widely used shipping mode across states.
- Trend Analysis –
 - Sales show fluctuations between 2015–2018 with clear seasonal spikes, especially during year-end periods.
 - Growth appears consistent over the years with rising peaks.
- Shipping Mode – Standard Class is the most preferred shipping method, while First Class and Same Day are less frequent but may be used for urgent or premium orders.
